

## Monroe Street Pool

### Recreation Swim Schedule

### FALL 2009

**Mon - Fri: 11:30 a.m. - 3 p.m. & 4:30 - 6:30p.m.**  
**As of Nov 13<sup>th</sup> Mon - Fri: 10:30 a.m. - 6:30 p.m.**  
**Sat, Sun & Holidays: 12 - 3 p.m.\***

- An adult 16 years or older **must** accompany children under 8 years old **in the water** if the child cannot pass the swim test.
- No floatation devices allowed. They can endanger the user by giving a false sense of security, and then may fail to support the user. Coast Guard approved life jackets are available; please ask a staff member if you wish to borrow one.
- Children must swim a crawl stroke one length of the pool in good form before entering water over 5 feet deep. Lifeguards are responsible for testing children each day. A lifeguard coming on duty must test anyone going into deep water if unsure of his or her swimming ability.

Cost is \$2 per admission for those under 18 years of age. Two children under 8 years old are admitted free with a per-admission adult **who will be going in the water with the children.** Cost for those 18 and over is \$4. Carlsbad residents receive a \$1 discount.

Please keep the shallow area by the stairs available for use by small children who can't touch the bottom anywhere else. We ask that older children play in a way that won't be disruptive to younger ones (i.e. no splashing in that area, etc.).

Health, safety and public decency shall always be upheld, and appropriate swimwear must always be worn by anyone in the water.

\* On weekends, the deep three or four lanes may be used for the diving boards if there is sufficient demand (generally a minimum of seven persons). Please check in with staff at the front counter for any questions you may have. Have FUN!
